Summary

Highly motivated Flutter & Java Developer with hands-on experience in building robust, cross-platform mobile applications. Proficient in Flutter (Dart), BLoC, Provider, Firebase, and REST API integration. Expertise spans the entire mobile development lifecycle, from intuitive UI/UX design to efficient backend solutions. Quick learner, dedicated to writing clean, maintainable code, and passionate about delivering high-quality, user-centric products.

Technical Skills

- **Mobile Development:** Flutter (Dart), BLoC, Provider, Material Design, Responsive Layouts
 - **Backend & Database:** Firebase Authentication, Cloud Firestore, REST APIs, Dio, SQLite, SharedPreferences, Java
 - **Tools & Version Control:** Visual Studio Code, Android Studio, Git, GitHub, Postman, Flutter DevTools
-

Education

- **MBA (Online)**, SRM University, Chennai — 06/2024 – Present
 - **B.E - Electronics and Communication Engineering (80%)**, PSNA College of Engineering and Technology, Dindigul — 06/2019 - 06/2023
-

Projects

Dear Days – Personal Diary App (Flutter | BLoC | SQLite | Firebase Authentication | Dio | SharedPreferences)

- Engineered a secure personal diary app with Firebase Authentication and SQLite for efficient local storage.
- Enhanced UX with dark mode, rich text editing, and media attachments (images/audio).
- Integrated a third-party API via Dio for mood-based search features.

To-Do List App (Flutter | Provider | SharedPreferences)

- Developed a task management app with full CRUD functionality.
 - Utilized Provider for state management and SharedPreferences for local data persistence.
 - Implemented task prioritization, due dates, and dark mode toggle.
-

Certifications

- *The Complete Flutter Development Bootcamp with Dart (Udemy)*
 - *Flutter & Dart for Beginners: Complete Course (Udemy)*
 - *Java Programming Masterclass for Software Developers (Udemy)*
-

Languages

- Tamil — Native
 - English — Full Professional Proficiency
 - Hindi — Elementary Proficiency
-

Interests

- Mobile App Development (Flutter & Firebase)
 - Java Programming & Backend Development
 - UI/UX Design & Responsive Apps
 - Problem Solving & Competitive Coding
 - Exploring New Tech Tools & Frameworks
 - Music & Keyboard Playing 🎹
 - Shuttle & Outdoor Games
-

Soft Skills

- Strong problem-solving and analytical thinking
- Effective communication (English & Tamil)
- Quick adaptability to new technologies and environments
- Team collaboration & leadership qualities
- Time management and organizational skills
