Career Objective

Commerce and technology-driven professional with a strong academic background in **Finance and Engineering**, complemented by an MBA in progress. Skilled in **Record to Report (R2R), General Ledger Accounting, Reconciliation, and Financial Reporting**, with hands-on exposure to **ERP tools, SQL, and process automation**. Seeking to contribute to **IBM Consulting** as a Senior Process Analyst by leveraging my ability to manage accounting operations, ensure compliance, and support digital transformation initiatives.

Education

- **MBA (Online)** – SRM University (2nd Semester, CGPA: 6.8)
 - **BE in Electronics and Communication Engineering** – PSNA College of Engineering and Technology, Anna University (2023) | 80%
 - **HSC** – St. Johns Matric Higher Secondary School, Madurai (2019) | 68%
 - **SSLC** – Mary Immaculate School, Madurai (2017) | 86%
-

Key Skills

- **Accounting & Finance:** Record to Report (R2R), General Ledger, Balance Sheet, P&L Preparation, Fixed Assets Accounting, Inter-company Accounting, Reconciliation, Cash & Bank Accounting
 - **ERP & Tools:** SAP (basic exposure), Oracle ERP (introductory), SQL, MS Excel (Pivot Tables, VLOOKUP), MS Office Suite
 - **Process & Controls:** Audit Coordination, Month-end/Year-end Closing, Journal Entries, Variance Analysis, Financial Risk Identification
 - **Professional Competencies:** Attention to Detail, Process Optimization, Analytical Thinking, Problem Solving, Collaboration
-

Projects & Experience

Finance & ERP Training Projects (Academic + Self-Learning)

- Prepared **mock Balance Sheets & P&L statements** as part of academic projects and training exercises.
- Simulated **month-end close activities**, including reconciliation and journal entries.
- Gained exposure to **ERP tools** for posting entries, tracking fixed assets, and generating reports.
- Applied **Excel-based analysis** for cash flow tracking and variance analysis.

Cloud-based Data Management Project (Technical Exposure)

- Built a **data-driven app** with Firebase/SQL for structured storage and reporting.
- Applied financial-style **data reconciliation** and reporting logic within the application.
- Practiced **end-to-end documentation and reporting** similar to accounting processes.

Certifications

- **Financial Accounting Fundamentals** – Coursera
- **Google Data Analytics (Foundations)** – Coursera
- **Excel for Everyone: Data Management** – edX
- **SQL for Data Science** – Coursera
- **Agile with Atlassian Jira** – Coursera

Strengths

- Strong analytical and reconciliation skills with an eye for detail.
- Ability to manage **month-end deadlines and audit support**.
- Quick learner, capable of adapting to ERP systems and new financial tools.
- Blend of **finance and technology knowledge**, enabling digital process improvements.
